

SEKOLAH TINGGI TEKNOLOGI TERPADU NURUL FIKRI

Laporan Praktikum 6

Annisa Maulida Rahma 0110221070

PROGRAM STUDI TEKNIK INFORMATIKA

DEPOK

NOVEMBER 2024

- 1. Buat file dan masukan ke dalam folder Praktikum 6
- 2. Tambahkan layer Google Maps dan arahkan ke pulau jawa

3. Drag and Drop data provinsi di pulau Jawa

4. Ceklis id 31-36 klik vector > data management tools > Merge vector layers

5. Ceklis semua dan klik OK > Run

6. Dari hasil merged tadi klik kanan pilih export > simpan sesuai dengan folder awal

7. Buka hasil layer dengan nama PulauJawa>open attribut Table

8. Isi data yang masih kosong dan tambah kolom GDP > save

Layer PulauJawa klik kanan > properties
 Pilih Graduated > value gdp > color ramp spectral > klik classify > Klik OK

10. Tampilan nya jadi seperti ini
